## WOULD CHANGE LIQUOR LAW

### Indian Officials Ask Legislature to Make Amendment.

## REQUESTS TO KILL BEAVERS

### Commissioner Cowles Not in Favor of Proposition to Appropriate Fund for Building at the Panama Exposition.

(From a Staff Correspondent.) LINCOLN, Neb., Nov. 25.—(Special.)—Fred H. Abbott, assistant in the Department of the Interior at Washington, has again written to Deputy Attorney General Frank E. Edgerton asking that the statute relating to the selling of liquor to Indians in this state be changed. Under the provisions of the present law the title is too limited for the provisions of the measure. Consequently the courts have held that it is unconstitutional. Abbott asks that the punishment be lowered to six months in jail instead of from two to six years in prison, as it now stands. He believes that if the bill was so changed it would be possible to secure more convictions.

## Notes from Beatrice and Gage County

BEATRICE, Neb., Nov. 25.—(Special.)—Spencer Horn was arrested and lodged in jail Saturday night on a charge of stealing two suits of clothing from two farmers near Harbin. ## Opposes Frisco Building

Commissioner of Public Lands and Buildings F. B. Cowles is not enthusiastic over the suggestion that the legislature appropriate \$50,000 for the erection of a state building on the San Francisco exposition grounds. The commissioner's stand on the matter was announced Monday after he had received a letter from an Omaha roofing manufacturer asking for the possibility of getting the contract to use asbestos shingles on the new structure. Mr. Cowles replied in a brief letter stating that nothing had been done and nothing would be until an appropriation had been made. "I hope there will not be an appropriation," said Mr. Cowles, "for an appropriation of \$50,000 could be used to better advantage for the wards of the state, but I suppose there will be some members of the legislature who would rather spend \$50,000 in San Francisco than in Nebraska."

"Our Club Piano came home last week."

# One hundred persons have joined Orkin Brothers Piano Club

The century mark has been reached. Applications for *One-fifth* of the Orkin Brothers Club pianos have been received. *One hundred* members out of the Five Hundred, the full Club membership, have already joined, leaving Four Hundred more yet to join.

The Club was started two weeks ago last Monday. In other words, the first opportunity to join the Club was given Monday, November 4th.

*The first One Hundred members were therefore secured in fourteen selling days.*

It is then reasonable that the remaining *four hundred* memberships will be taken much more rapidly in proportion than the *first one hundred*—and if you want to join and participate in the *greatest, most liberal and economical piano event ever held, the sooner you bring or send in your application the better.*

## Orkin Brothers Piano Club Means economy—liberalities—privileges

The very essence of this big piano event is *economy*. Buying 500 pianos of a kind at one time means *economy*. Selling 500 pianos to a club of 500 members—all on the *same plan*, all at the *same price*, giving to each the *same guarantees* and *privileges* and *advantages* and selling them all at practically the *same time*—means *economy*.

To carry such a tremendous deal to a successful conclusion naturally means that we are willing to sacrifice a good, big, liberal portion of profit which means *more economy*.

The whole economical part of the deal, when boiled down, means that the Club gets a *good honor-bright Three Hundred and Fifty Dollar Piano for Two Hundred and Fifty-seven Dollars and Fifty Cents*—a clean cut *saving or economy of Ninety-two Dollars and a Half*, and there is *positively no interest added*.

The liberalities and privileges of the Club are legion.

The strongest guarantee ever written is given to every member.

The Club member gets *his money back* if he wants it after 30 days' trial.

He gets a full year's time to further satisfy himself as to the reliable character of the piano. If he is dissatisfied *we will exchange it without one penny's loss to him.*

He gets *two free tunings.*

He gets a fine stool and beautiful scarf *free.*

He gets the piano for \$257.50 *without interest being added.*

He gets *life assurance*. If he dies before the piano is fully paid for, the *remaining payments are cancelled and a receipt in full for the piano is turned over to his family.*

He gets 202 weeks' time in which to pay for the piano without it costing him *over \$257.50.*

If he pays quicker than in 202 weeks he lessens the price 15c for each and every week he reduces the time.

And so on and so on. The Orkin Brothers Club Member gets *economy*. He saves \$92.50. He gets *liberalities, privileges, advantages*, in a big, broad and generous way. He gets them through *Co-operation on the you help me and I will help you principle*, very much on the plan that railroads run big excursions—taking you to all the points of interest—giving stop-over *privileges here and there*—securing you the best *hotel accommodations* and saving you in many instances *nearly one-half the regular price.*
